

COBIT5® Foundation Course & Exam

Course Overview

- Provides a practical understanding of the COBIT® 5 IT Governance framework
- Prepares students to pass the “COBIT® 5 Foundation” examination, allowing entry to further COBIT® 5 based certifications.
- Exam is inclusive of course fee.
- Course and Exam are English language. Extra exam time allowed if English not the candidate’s first language.
- Instructors are active practitioners of COBIT® 5 and draw on in-depth hands-on experience to bring the subject to life and relevance
- Courses typically run over weekends. Especially attractive to contractors as this saves the loss of income during the training.
